Ash (Daniel Kane) - Questions

Each page is a memory/event packet with a separate trigger.

The Neptune Ball/NA

Start with this page open pre-game. You may read through it before game start.

This packet represents the list of questions your dealer provided you with. You do not have to get them answered in order. Luckily, you have a pretty good idea of who to ask each question to. Talk to the correct person about the topic for 1 minute. You must actually engage them about the topic for this time. It doesn't count if they ignore you or refuse to say anything. Once you have talked to the person, you must tear the page out of the notebook within 2 minutes of concluding the conversation, open it up, and label it as an in-game item on both sides. This represents you having gleaned the necessary information and recorded it in a notebook.

You have arranged to meet your dealer at 2:15 pm, 3:15 pm, 4:15 pm and 5:15 pm. You will be able to provide him the answers in exchange for hits of Red Seaweed (632). Meet your dealer by finding the The Entrance to the Servants' Quarters. Interact with the sign by putting both hands on the sign for 30 seconds, then deposit as many answered question items as you like packet A. Then take an equal number of Red Seaweed (632)s from packet B.
